DISCUS RECORD BROKEN.

Martin J. Sheridan Did It at Long Island City.

New York, Oct. 16.—Martin J. Sheridan of the Irish-American Athletic club, all-round champion of the Amateur Athletic union and champion discus thrower of the world, excelled all his previous efforts with the discus yesterday, establishing a new world's record of 138 feet, 3 inches. This throw was made at the annual fall games of the Irish-American Athletic club at Long Island City. Sheridan beat his best previous record of 133 feet, 11½ inches, twice, his first throw being 135 feet, 1 inch, and on his third attempt, he made the longer distance.

One of the features of the games was the appearance of J. W. Morton of the South London Harriers, England's championship sprinter. He failed to qualify in the 100-yards' handicap from scratch, as he finished third in his trial, and winners only qualified. There was a special handicap dash at 120 yards, in which he also started from scratch, the handicaps being limited to five feet. The British runner won this event in twelve seconds, beating Lawson Robertson of the Irish-American Athletic club, to whom he was conceding three feet. The time in this event was just one-fifth of a second behind the record.
